Janardan Rai Nagar Rajasthan Vidyapeeth University

2020

International Conference on Sustainable Agriculture and Applied Science

Theme
Advances in Sustainable Agriculture and Allied Science Research

Venue
Janardan Rai Nagar Rajasthan Vidyapeeth University

Organizing Committee

The Society of Crop Scientist and Biotechnologist

Collaboration

Organised by
Purnea University, Purnia
Janardan Rai Nagar Rajasthan Vidyapeeth University, Udaipur

21-23, August 2020

www.bcicsconference.com
About the Conference

The International Conference on Sustainable Agriculture and Applied Science is organized by Purnea University. Purnea and Janjgir Rai Nagar Rajsthan Vidyapeeth University, Udaipur. Purnea University is a newly created State University located on the international boundaries of Nepal and Bangladesh. Purnea maintains its richness in the country by owning its rich, loamy and alluvial type soil that makes rapid anthropogenic environmental change is one of the major challenges of 21st century. The challenges associated with sustainability make it essential to bring together the disciplines of agricultural, environmental and applied Science for sustainable development.

The present conference will provide a platform to discuss the emerging issues of crop production technology, environmental change, ecological and physiological aspects of crop production, selection, breeding and biotechnological approaches for crop improvement to promote applied aspects of plant science. The International conference will be a conclave of eminent scientist, academicians, researchers, scholars, teachers and students to exchange their ideas, research findings which will pave the path on the recent universal and regional advances in agriculture. The focus of the conference will be on the exchange of information, innovations, new discoveries of ideas and research outcomes so as to evolve ways and means to the spreading of knowledge and good practices to researchers, farmers and policy makers etc. as well as general public about the approaches of Applied Science and Agriculture.

Conference Award

Interested participants are requested to submit their details of CV/Biodata to psb.association@gmail.com on before 15th July 2020. Claim the award (listed) through email to saaspup2020@gmail.com or separately will be given to those whose research work during M.Sc. and Ph.D. are excellent and submitted in the last three years. To claim these awards, candidates have to submit summary of their research finding which will pave the path on the recent universal and regional advances in agriculture. The focus of the conference will be on the exchange of information, innovations, new discoveries of ideas and research outcomes so as to evolve ways and means to the spreading of knowledge and good practices to researchers, farmers and policy makers etc. as well as general public about the approaches of Applied Science and Agriculture.

Awards Categories

</thead>
<tbody>
<tr>
<td>Life Member</td>
<td>`5,000/- only</td>
</tr>
<tr>
<td>Young Scientist</td>
<td>`10,000/- only</td>
</tr>
<tr>
<td>Excellent in research Award</td>
<td>`5,000/- only</td>
</tr>
<tr>
<td>Outstanding M.Sc. / Ph.D. Thesis Award</td>
<td>`5,000/- only</td>
</tr>
</tbody>
</table>

Theme areas

- Agricultural Sciences
- Biotechnology and Microbiology
- Lower and Higher Plants
- Climate Change and Environmental Sciences
- Soil and Plant Health Management
- Plant Physiology and Molecular Biology
- Plant and Animal Genetics
- Biochemistry and Biometrics
- Medicinal Plants and Pharmacology
- Pharmacy and Related fields

Outstanding thesis award for M.Sc. and Ph.D. separately will be given to that person whose research work during M.Sc./Ph.D. was excellent and submitted within last three years. To claim these awards, candidates have to submit summary of their thesis maximum in two pages.
